

I listen to K-LOVE every day. K-LOVE isn't just a radio station, it's a part of my life. Even my two-year-old son can say the words POSITIVE and ENCOURAGING because of K-LOVE!!

K-LOVE has also been an itegral part of our community. Each year Sioux Falls hosts a HUGE festival of Christian music. In part because of K-LOVE's support we had over 230,000 people attend!! Also, an estimated 6,400 people came to Christ! K-LOVE even had a contest to bring people to the festival. During the festival K-LOVE had live broadcasts as well. John and Sherry Rivers even brought their daughter Lexi to the festival. They are a huge part of the reason K-LOVE feels so personal. Not just me, but friends and family have been praying for them through every step of their adoption. We rejoiced just as much as their own family when 'lil Lexi came home to her forever family!

I have no doubt that if K-LOVE wasn't a part of Sioux Falls, we would lose a LOT of the revenue from people that come to our area because of the festival. I also know that people who can't come to the festival support it with financial gifts all because of K-LOVE.

K-LOVE radio is not just a radio station or a way of life for my family. It's also a ministry. I have bonded with many people accross this great nation JUST because I am a K-LOVE fan. In fact, the reason I am writing you is because of a common bond...K-LOVE! See, a friend of mine (whom I've never met) is from FRESNO, CALIFORNIA. She is a K-LOVE listener just like me!! K-LOVE builds friendships as well as bringing people to Jesus in an unobtrusive, loving way. The music is amazing and the DJ's are the best.

PLEASE, PLEASE don't take away my K-LOVE!

Blessings~
Becky Simon
